One-ear clip

Zinc-plated mild steel

One Ear Clip - A10R W1

Information	Ø Application		Reference W1	A	B	C	D	E	Box Quantity	Packing	Colour
	min.	max.									
The use of One-ear clips is an economical solution for many simple hose assemblies, as they can be used with air or other fluids. The practical design of ear clips means that they are tamper-proof once mounted. The edges are rounded to avoid damage to the hose. One-ear clips are easy, fast and safe to mount.	7	9	03012080	9,3	5,5	6,0	13,0	0,8	1000	8000	WHITE
